

Memorial Programme

The Memorial Programme allows residents and visitors to donate in memory of a loved one to fund the conservation of Ashdown Forest. Donations from this programme will help to maintain and enhance the Forest's natural beauty as a lasting and fitting tribute to the family member or friend who enjoyed visiting the Forest. Donations will help to fund conservation work such as:

- Restoration of lowland heathland, a nationally important habitat.
- Grazing management, including our herds of pedigree Riggitt Galloway cattle, Welsh and Exmoor ponies and Hebridean sheep.
- Education and access, to conserve the Forest as a quiet and natural area of outstanding beauty.
- Scrub control, to preserve diverse habitats for birds, amphibians, reptiles, and invertebrates.
- Monitoring of the Forest for rare and vulnerable species.

Currently, we have opportunities to sponsor memorial lecterns, benches, bridges, cairns, clump signs, gates, and picnic tables. Every memorial has space for a marine grade stainless steel plaque. Donations cover the memorial delivery, installation, plaque, and maintenance for ten years.
